The Honorable Eddie Bernice Johnson
2306 Rayburn House Office Building
Washington, DC 20515-4330

Dear Congressman Schiff & Congresswoman Johnson,

The undersigned organizations represent a coalition of education organizations dedicated to fulfilling the funding promise for the Individuals with Disabilities Education Act (IDEA). On behalf of more than 7 million students with disabilities, their teachers, specialized instructional support personnel, parents, school boards and administrators, we write to thank you for introducing the Supporting Children with Disabilities during COVID-19 Act. This legislation will provide much needed funding for the more than 7 million students across the country who are served under the Individuals with Disabilities Education Act (IDEA) as schools work to re-open schools and effectively serve students while ensuring the safety of all children and students.

The need for additional IDEA funding at this time is enormous. During the unprecedented nationwide school closures due to COVID-19, students served under the IDEA have been disproportionately impacted as the delivery of education and related services moved to distance learning. The chronic underfunding of IDEA by the federal government will only be exacerbated and put additional burden on school districts as state legislatures respond to the economic downturn by cutting state education funding.

The Supporting Children with Disabilities during COVID-19 Act appropriation of \$11 billion for state grants under IDEA, \$900 million for early childhood education programs, and \$300 million for personnel development will be critical to help offset the enormous costs incurred by schools and districts as they make investments in technology products, services, and personnel training and move to re-open schools and educate all students, including students with disabilities.

Thank you for your leadership and recognition of the critical importance of dedicated funding for the IDEA during this time as we work to ensure that schools have the necessary resources to serve every child with a disability and provide equitable educational opportunities to all.

Sincerely,

AASA, The School Superintendents Association
